Product Announcement: Accessories

Targus 5-Button Laser Retractable Notebook Mouse
Part #: AMU15EU

Product Description:

The Targus 5-Button Laser Retractable Notebook Mouse offers the latest in laser technology giving 20 times more tracking sensitivity than a typical optical mouse, providing accuracy and improved use on shiny surfaces.

5 Pre-programmed buttons enable easy Internet navigation whilst the USB retractable cable allows you to keep desktop cords to a minimum. Plug & Play connectivity - no driver required.

Product Features and Specifications:

- **20x More Sensitivity** – Targus laser technology provides 20x more tracking sensitivity than the average optical mouse; for greater accuracy and improved use on shiny surfaces.
- **Cable Management** – USB cable adjusts to desired length for ease of use and portability.
- **5 Pre-Programmed Buttons** – Forward and backward buttons provide easy Internet navigation.
- **Universal Connectivity** – USB connection for hot swap capability.
- **Plug & Play** – No driver required.
